Independent Auditors' Report

To the Board of Directors of
Panthera Corporation

Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of Panthera Corporation which comprise the consolidated statements of financial position as of December 31, 2020 and 2019, and the related consolidated statements of activities and changes in net assets, functional expenses and cash flows for the years then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of Panthera Corporation as of December 31, 2020 and 2019, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Panthera Corporation

Notes to Consolidated Financial Statements

December 31, 2020 and 2019

1. Description of Organization and Summary of Significant Accounting Policies

Organization

Panthera Corporation is a not-for-profit wildlife conservation organization incorporated in the State of Delaware. Panthera Corporation has a controlling and economic interest in a number of foreign not-for-profit entities, together known as Panthera. Panthera's mission is the conservation of the world's 40 wild cat species, many of which are endangered or threatened. Panthera develops, implements, and oversees wild cat conservation strategies on a global scale. Panthera's large scale initiatives with tigers, lions, snow leopards, jaguars, pumas, leopards, cheetahs and other species currently span four continents. Panthera conducts critical research, enacts effective conservation measures, works closely with the world's top cat biologists, various governments and related agencies, local and international nongovernmental organizations, assists and trains felid biologists and educates the local and international populations as to felid conservation. Field work is performed in North America, South America, Africa and Asia in numerous individual countries. These operations are administered out of regional hubs in Costa Rica, Colombia, South Africa, the United Arab Emirates and Thailand.

A brief summary of Panthera's major programs follows:

Tiger - Panthera, through various individual programs, seeks to increase wild tiger populations by at least 50 percent across key sites over the next decade. In addition, Panthera identifies and creates safe corridors for the species to move between core populations.

Lion - Panthera combines an understanding of lion ecology in human dominated landscapes with techniques that provide local communities with the ability and incentive to avoid conflict with lions. In addition, Panthera also works to curtail widespread wire-snare poaching which is pervasive in many key lion landscapes, including Kafue NP (Zambia), Limpopo NP (Mozambique) and Niokolo-Koba NP (Senegal).

Snow Leopard - Panthera developed a state-of-the-art global range map and database of snow leopard habitats and helps delineate critical conservation units and identify prevailing threats. Using the database to target populations that require conservation, Panthera's efforts are geared towards a range-wide approach in conserving the snow leopards.

Jaguar - Panthera utilizes a range-wide approach focusing on the entire spectrum of species influences and dynamics, including prey, key populations, threat mitigation, education and building genetic corridors in which jaguars can move safely. Panthera works closely with ranchers to develop methods and models to demonstrate that cattle ranching and jaguar conservation can co-exist, just as they work with engineers and developers to design roads that allow for easier passage of jaguars and other wildlife.

Puma - Panthera is working to better understand and protect pumas in the Western U.S. (northwest Wyoming, the San Francisco Bay Area and Olympic Peninsula) and in the Torres del Paine National Park region in the Chilean Patagonia. Panthera's work includes studying the effects of wolf reintroduction and human hunting on puma populations, utilizing innovative camera technology to observe the secret social lives of pumas, characterizing dispersal dynamics and impediments, and mitigating human-puma conflict. A range-wide assessment of the status of pumas, from Patagonia to British Columbia is also underway.

Leopard - Panthera seeks to reduce the widespread traditional use of leopard skins by the Shembe Nazareth Baptist Church in southern Africa, along with other cultures that do that same. In addition, Panthera has established a network of monitoring sites across southern Africa, western Africa and a newly established site in Southeast Asia. In Saudi Arabia, Panthera is actively surveying potential areas for the assessment of the extant populations of Arabian leopards, and also preparing for the re-introduction of the subspecies to their former range.

Panthera Corporation

Notes to Consolidated Financial Statements

December 31, 2020 and 2019

Cheetah - Panthera seeks to protect cheetahs by addressing direct threats to them, their prey base and their habitats. To do this, Panthera gathers critical ecological data by surveying and monitoring populations and their prey, collaborating with local law enforcement officials and partners, and working with local communities to mitigate conflict and create cheetah-positive landscapes within communities. Panthera's approach to protecting cheetahs focuses on developing an integrated transboundary program based in Zambia, but operating over the 5-country KAZA landscape, which is the landscape in the Kavango and Zambezi river basins, and eventually expanding across the cheetah's African range.

Small Cats - Panthera also works to understand and conserve the 33 species of small wild cats. Priorities for this program are to focus on the least understood cats, to enhance current data collection on big cat study sites to gather small cat data, and to strategically establish new sites of high conservation value for small cats.

Tech - Panthera's Technology Program developed devices and software supporting species programs, including camera traps and Poachercams. Panthera integrates third party private GSM (global system for mobile) wireless equipment, as well as systems to monitor Poachercam deployments.

Scholarships and Awards - Panthera provides scholarships, research and project to post-graduate students in advanced degree programs, and research and conservation awards to individuals and organizations implementing conservation projects on wild cats. Panthera, in conjunction with the American Museum of Natural History, developed a global felid genetic database to understand the impact of large scale genetic issues impacting felids, and now works through the National Genomics Center for Wildlife and Fish Conservation in Missoula, Montana, for most of its genetic analysis needs.

The individual programs are established and overseen by two divisions: Conservation Science and Conservation Action. Conservation Science is the group that evaluates, from a scientific basis, the science research outcomes and how they will be used to develop activities that integrate into Conservation Action. The Conservation Action division contains Panthera's global and regional field programs, associated personnel and infrastructure to implement the conservation action plans developed by the Conservation Science division.

Management's Plan

During the years ended December 31, 2020 and 2019, Panthera had net operating income of approximately \$225,000 and a net operating loss of (\$1,929,000), respectively. Panthera also had changes in net assets of approximately \$558,000 and (\$5,448,000) for the years ended December 31, 2020 and 2019, respectively, and net deficiencies in net assets without donor restrictions of approximately (\$563,000) and (\$912,000) as of December 31, 2020 and 2019, respectively. The results during 2020 reflect an execution of management's plan that was put in place after 2019. Panthera expects to further reduce its net deficiencies without donor restrictions with a \$2,000,000 donation received from a board member in early 2021.

Based in the above managements plan, Panthera's management concludes that substantial doubt about the ability to continue as a going concern has been alleviated.

Panthera Corporation

Notes to Consolidated Financial Statements

December 31, 2020 and 2019

Summary of Significant Accounting Policies

Basis of Consolidated Financial Statement Presentation

Panthera's consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP), and include the accounts of Panthera and the not-for-profit entities in which Panthera has a controlling and economic interest. These entities consist of Panthera Wild Cat Conservation Belize, Panthera Brasil, Panthera Canada, Fundación Pantera Colombia (Panthera Colombia), Panthera France, Panthera Wild Cat Conservation Malaysia (Panthera Malaysia), Conservacion Panthera Mexico AC (Panthera Mexico), Stichting Panthera (Panthera Netherlands), Panthera Wild Cat Conservation Senegal (Panthera Senegal), Panthera Wild Cat Conservation SA (Panthera South Africa), Panthera Wildlife Trust Limited and Panthera Wild Cat Conservation Zambia Limited (Panthera Zambia). Panthera also has operating branch offices in Costa Rica, Honduras and Panama.

In 2021, Panthera expanded its entities including Panthera Thailand, and is in the process of expanding to Gabon. All significant intercompany balances and transactions have been eliminated in consolidation.

Estimates

The preparation of consolidated financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Revenue

Panthera's primary source of financial support consists of donations from the general public, as well as grant income.

Grant Income

Panthera receives various federal government grants and pass-through contracts that are nonreciprocal transactions and records revenue when expenditures have been incurred in compliance with the grantor's restrictions or when deliverable results specified in the agreements have been achieved. Advance payments received for grants and contracts which have not yet been earned are reflected as Unearned Grants. Amounts earned but not yet paid under the grants and contracts are included in grants receivable.

Deferred Revenue

Primarily consists of cash received in advance for program expenses to be incurred in the future when earned.

Operating Indicator

Panthera considers all operating revenue and expenses without donor restrictions to be part of its normal operations and considers net operating income as its operating indicator.

Nonoperating Item

Nonoperating item represents other comprehensive amounts relating to foreign currency translation adjustments. This item is not included as part of the operating indicator and is reported separately in the consolidated statements of activities and changes in net assets.

Panthera Corporation

Notes to Consolidated Financial Statements

December 31, 2020 and 2019

Consolidated Statements of Cash Flows

For purposes of the consolidated statements of cash flows, Panthera considers all highly liquid debt instruments with an original maturity of three months or less, at the date of purchase, to be cash equivalents.

Fair Value Measurements

Panthera establishes a framework for measuring the fair value of financial assets and liabilities and nonfinancial assets and liabilities which are measured at fair value on a recurring (annual) basis in the form of a fair value hierarchy that prioritizes the inputs into valuation techniques used to measure fair value into three broad levels. This hierarchy gives the highest priority to unadjusted quoted prices in active markets and the lowest priority to unobservable inputs. Further, financial assets and liabilities are classified by level in their entirety based upon the lowest level of input that was significant to the fair value measurement. The three levels of the fair value hierarchy are as follows:

Level 1 - Unadjusted quoted market prices in active markets for identical assets or liabilities that are accessible at the measurement date.

Level 2 - Quoted prices in inactive markets for identical assets or liabilities, quoted prices for similar assets or liabilities in active or inactive markets, or other observable inputs either directly related to the asset or liability or derived principally from corroborated observable market data.

Level 3 - Unobservable inputs due to the fact that there is little or no market activity and/or data. This entails using assumptions in models which estimate what market participants would use in pricing the asset or liability.

Panthera had marketable securities as of December 31, 2020 and 2019, whose cost approximated fair value. Panthera's accounting policy is to recognize transfers between levels of the fair value hierarchy on the date of the event or change in circumstances that caused the transfer. There were no transfers into or out of Level 1, Level 2 or Level 3 for the years ended December 31, 2020 and 2019.

Marketable Securities

Panthera's marketable securities are valued as Level 1 investments and are recorded at fair value. Unrealized holding gains and losses on marketable securities are excluded from the operating indicator and are reported as a separate component of net assets without donor restrictions as nonoperating items until realized. Realized gains and losses from the sale of securities are determined on a first-in, first-out basis and recognized in operating income. A decline in the market value of any securities below cost deemed to be other than temporary results in an impairment to reduce the carrying amount to fair value and is treated as a realized loss at time of other than temporary impairment. To determine if an impairment is other than temporary, Panthera considers all available information relevant to the collectability of the security, including past events, current conditions and reasonable and supportable forecasts when developing estimates of cash flows expected to be collected.

Donor-Imposed Restrictions

Panthera reports gifts of cash and other assets as restricted support if they are received with donor stipulations that limit the use of the donated assets. All contributions with donor restrictions are reported in the first instance as an increase in net assets with donor restrictions. When a donor restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the revenue section of the consolidated statements of activities and changes in net assets as net assets released from restrictions.

Panthera Corporation

Notes to Consolidated Financial Statements

December 31, 2020 and 2019

Panthera reports gifts of land, buildings, and equipment as without donor restriction support unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as additions to net assets with donor restrictions. Expirations of donor restrictions are reported when the donated or acquired long-lived assets are placed in service.

Unconditional Promises to Give (Pledges Receivable)

When Panthera receives unconditional promises to give that are expected to be collected by Panthera within one year, they are recorded as contributions at net realizable value. Unconditional promises to give that are expected to be collected in future years are recorded at the present value of their estimated future cash flows. The discounts on those amounts are computed using average risk-free interest rates adjusted by risk premium, if any, applicable to the year in which the promises are received. Amortization of the discounts is included in contribution revenue or as contributions with donor restrictions, as appropriate.

Unconditional Promises to Give to Others

When Panthera makes unconditional promises to give to others, a liability and expense is recorded at the time of such promise.

Conditional Promises to Give by Others

Conditional contributions, including conditional promises to give, are not recognized until they become unconditional, that is, when the conditions, such as a barrier and right of return or release, are substantially met.

Conditional Promises to Give to Others

When Panthera makes conditional promises to give to others, no liability or expense is recorded by Panthera until the conditions have been substantially met.

Allowance for Doubtful Accounts

Periodically, the individual accounts, donations receivable and pledge balances are reviewed and evaluated as to their collectability, and a provision for doubtful accounts is estimated based on the amounts Panthera expects to collect on the receivable balance. Receivables are charged against the allowance for doubtful accounts when management has determined that further collection efforts are not warranted.

Other Current Assets

Other current assets consist of primarily camera inventories, which are valued at the lower of cost or market utilizing the weighted average cost method and cash advances for field work.

Panthera Corporation

Notes to Consolidated Financial Statements

December 31, 2020 and 2019

Fixed Assets

Fixed assets are carried at cost or, if donated, at fair value on date of donation. Leasehold improvements, furniture and fixtures and equipment in excess of \$5,000 or lower amounts in certain foreign countries as required by regulation, that are under the direct control of Panthera are capitalized and amortized/depreciated over their estimated useful lives using the straight-line method starting the month in which they are put into service. Leasehold improvements are amortized over the lesser of the estimated useful life of the improvement or remaining life of the lease; furniture and fixtures are depreciated over five (5) years; and, equipment is depreciated over three (3) to five (5) years. Equipment purchased for use in the field by non-Panthera employees for the various programs and projects is expensed when acquired. The carrying amounts of assets and the related accumulated depreciation or amortization are removed from the accounts when such assets are disposed of and any resulting gain or loss is included in operations in the year of disposal.

Impairment of Long-Lived Assets

Panthera assesses the recoverability of its long-lived assets, such as property and equipment, whenever events or changes in circumstances indicate that the carrying value of the assets may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to estimated undiscounted future net cash flows expected to be generated by the asset. If the carrying amount of an asset exceeds its estimated future cash flows, an impairment charge is recognized in the amount by which the carrying amount of the asset exceeds the fair value of the asset. No such events or circumstances occurred during the years ended December 31, 2020 and 2019 and, accordingly, Panthera has not recognized any asset impairment.

Vacation Liability

Unless required by state or country specific laws, unused vacation days are not carried over to the next year nor are they paid out upon departure from Panthera. The estimated vacation liability, where required by law, is accrued as earned and aggregated approximately \$30,000 and \$27,000 as of December 31, 2020 and 2019, respectively, and is included in the consolidated statements of financial position caption accounts payable and accrued expenses.

Income Taxes

Panthera Corporation qualifies as a U.S. tax-exempt organization under the existing provisions of Internal Revenue Code Section 501(c)(3) and donations to Panthera Corporation are tax deductible to the donor subject to legal limitations. Panthera's foreign entities are incorporated as not-for-profit organizations and are generally exempt from income taxes. Panthera recognizes the effect of income tax positions only when the tax positions are more likely than not of being sustained. Management is not aware of any violations of Panthera Corporation's or related entities' not-for-profit status, nor of any exposure to unrelated business or other income tax.

In-Kind Contributions

For the years ended December 31, 2020 and 2019, Panthera received in-kind contributions of services amounting to approximately \$105,000 and \$88,000, respectively, at fair value. In-kind contributions relate mainly to website advertising and legal services and are reflected in the consolidated statements of functional expenses in the caption donated services.

Panthera Corporation

Notes to Consolidated Financial Statements

December 31, 2020 and 2019

Allocated Expenses

Panthera's expenses have been summarized on a functional basis in accordance with U.S. GAAP. Most expenses may be identified to their related program or supporting service and are recorded accordingly. Certain other expenses, consisting mainly of occupancy, technology, professional services and depreciation and amortization, have been allocated based on estimated usage, based upon each program's direct expenses as a percentage of total program costs. Salaries and benefits expenses are allocated based upon estimated time spent by the respective individuals on each program area.

Recent Accounting Pronouncements

In February 2016, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2016-02, *Leases (Topic 842)*. The core principles of ASU 2016-02 change the way organizations will account for their leases by recognizing lease assets and lease liabilities on the statements of financial position and disclosing key information about leasing arrangements. ASU 2016-02 is effective for Panthera for fiscal years beginning after December 15, 2021, with early adoption permitted. Management is currently evaluating the impact of ASU 2016-02 on Panthera's consolidated financial statements.

In September 2020, the FASB issued ASU 2020-07, *Not-for-Profit Entities (Topic 958) Presentation and Disclosures by Not-for-Profit Entities for Contributed Nonfinancial Assets*. ASU 2020-07 improves financial reporting by providing new presentation and disclosure requirements about contributed nonfinancial assets, including additional disclosure requirements for recognized contributed services. The standard will be required to be applied retrospectively for annual periods beginning after June 15, 2021. Early adoption is permitted. Management is currently evaluating the impact of ASU 2020-07 on Panthera's consolidated financial statements.

2. Donations and Pledges Receivable

Included in donations and pledges receivable as of December 31, 2020 and 2019 are the following unconditional promises:

	<u>2020</u>	<u>2019</u>
Without donor restrictions	\$ 288,496	\$ 20,248
With donor restrictions, purpose	1,023,915	296,977
With donor restrictions, time	8,000,000	11,500,000
Total	9,312,411	11,817,225
Less unamortized discount	(192,545)	(375,919)
Net unconditional promises	<u>\$ 9,119,866</u>	<u>\$ 11,441,306</u>
Amounts due in:		
Less than one year	\$ 5,197,392	\$ 3,788,082
One to five years	3,922,474	7,653,224
Total	<u>\$ 9,119,866</u>	<u>\$ 11,441,306</u>

The risk adjusted discount rate utilized for determining the amount of unamortized discount was 1.56 percent as of both December 31, 2020 and 2019.

Panthera Corporation

Notes to Consolidated Financial Statements
December 31, 2020 and 2019

3. Liquidity and Available of Resources

The following table reflects Panthera's financial assets as of December 31, 2020 and 2019 reduced by net assets with donor restrictions which are not available for general expenditures within one year of the balance sheet date.

	<u>2020</u>	<u>2019</u>
Current assets, excluding nonfinancial assets	\$ 9,633,931	\$ 5,734,605
Less net assets with donor restrictions	<u>(11,119,247)</u>	<u>(7,179,189)</u>
Total financial assets available to meet cash needs for general expenditures within one year	<u>\$ (1,485,316)</u>	<u>\$ (1,444,584)</u>

The above table depicts a negative liquidity of (\$1,485,316) and (\$1,444,584) as of December 31, 2020 and 2019, respectively, which was due to donor restricted assets utilized for expenditures not related to donor restrictions, partially due to timing issues related to restricted cash receipts. As part of Panthera's liquidity management, it has a policy to structure its financial assets to be available as its general expenditures, liabilities and other obligations come due. As disclosed in Note 1, management received a donation without donor restrictions in the amount of \$2,000,000 which will help the negative liquidity. In addition, Panthera has a \$750,000 line of credit with a bank that is fully available and is expected to be renewed.

4. Fixed Assets, Net

Fixed assets consist of the following as of December 31, 2020 and 2019:

	<u>2020</u>	<u>2019</u>
Land	\$ 1,267,648	\$ 1,267,648
Buildings	271,446	260,087
Leasehold improvements	1,004,828	1,004,828
Furniture and fixtures	239,787	239,787
Equipment	<u>1,851,633</u>	<u>1,107,365</u>
Total	4,635,342	3,879,715
Less accumulated depreciation and amortization	<u>2,322,018</u>	<u>2,096,916</u>
Net fixed assets	<u>\$ 2,313,324</u>	<u>\$ 1,782,799</u>

5. Line of Credit

In December 2019, Panthera entered into a secured line of credit with a financial institution in the amount of \$750,000. Outstanding borrowings are secured by all real and personal property of Panthera. The line bears interest at the prime rate minus one-half percent per annum and expired on December 3, 2020. On February 10, 2021, the line was extended through December 3, 2021. There was no amount outstanding as of December 31, 2020 or 2019.

Panthera Corporation

Notes to Consolidated Financial Statements
December 31, 2020 and 2019

6. Paycheck Protection Program

In April 2020, Panthera received loan proceeds of approximately \$803,000 under the Paycheck Protection Program (PPP), which was established as part of the Coronavirus Aid, Relief and Economic Security (CARES) Act and is administered through the Small Business Administration (SBA). The PPP provides loans to qualifying businesses in amounts up to 2.5 times their average monthly payroll expenses and was designed to provide a direct financial incentive for qualifying businesses to keep their workforce employed during the Coronavirus crisis. PPP loans are uncollateralized and guaranteed by the SBA and are forgivable after a "covered period" (eight or twenty-four weeks) as long as the borrower maintains its payroll levels and uses the loan proceeds for eligible expenses, including payroll, benefits, mortgage interest, rent and utilities. The forgiveness amount will be reduced if the borrower terminates employees or reduces salaries and wages more than 25 percent during the covered period. Any unforgiven portion is payable over two years at an interest rate of 1 percent with payments deferred until the SBA remits the borrower's loan forgiveness amount to the lender, or, if the borrower does not apply for forgiveness, ten months after the end of the covered period.

Panthera met the PPP's eligibility criteria and received full forgiveness of the loan on January 22, 2021. Panthera has elected to account for the loan as a contribution. As of December 31, 2020, the full amount of PPP funds received are recorded as contributions revenue in the consolidated statements of activities and changes in net assets.

The SBA reserves the right to audit any PPP loan, regardless of size. These audits may occur after forgiveness has been granted. In accordance with the CARES Act, all borrowers are required to maintain their PPP loan documentation for six years after the PPP loan or repaid in full and to provide that documentation to the SBA upon request. Panthera does not believe the results of any audits or reviews by the SBA would have a material impact on the consolidated financial statements.

7. Net Assets With Donor Restrictions

Net assets with donor restrictions as of December 31, 2020 and 2019 are comprised of contributions restricted by the donors for the following:

	<u>2020</u>	<u>2019</u>
Conservation Science	\$ 1,938,246	\$ 2,033,023
Conservation Action	2,939,492	1,675,307
Time Restricted	<u>10,163,983</u>	<u>11,124,083</u>
Total net assets with donor restrictions	<u>\$ 15,041,721</u>	<u>\$ 14,832,413</u>

Net assets released from donor restrictions for the years ended December 31, 2020 and 2019 were as follows:

	<u>2020</u>	<u>2019</u>
Conservation Science	\$ 2,728,469	\$ 1,202,769
Conservation Action	3,639,140	4,397,164
Time Restricted	<u>3,500,000</u>	<u>4,100,000</u>
Total	<u>\$ 9,867,609</u>	<u>\$ 9,699,933</u>

Panthera Corporation

Notes to Consolidated Financial Statements

December 31, 2020 and 2019

8. Related-Party Transactions

During the years ended December 31, 2020 and 2019, approximately 41 percent and 59 percent, respectively, of the total contributions were received from members of Panthera's Board of Directors or their related associations. Donations receivable and long-term pledges receivable (undiscounted) from Directors or their related associations as of December 31, 2020 and 2019 amounted to approximately \$8,000,000 and \$11,500,000, respectively.

9. Retirement Plans

Panthera sponsors the Panthera Corporation 401(k) Retirement Plan under which Plan provisions all U.S. based employees may participate and make elective contributions up to the Federal limitations. Panthera makes matching contributions to the Plan of employee elective contributions, at a minimum, on an annual Plan year basis. The Plan contains "safe harbor provisions" whereby Panthera's matching of employee elective contributions subject to Federal limitations is 100 percent of salary deferrals up to three percent of the employee's gross salary plus 50 percent of salary deferrals in excess of three percent but none for salary deferrals in excess of five percent of compensation. Panthera's matching employee elective contributions vest immediately. In addition, Panthera is the sponsor of a salary reduction plan (457(b) Plan). The funding of the 457(b) Plan is solely the responsibility of the participant.

Panthera UK sponsors a defined contribution plan in which employees are eligible to participate. The employee contribution rate is 5 percent of basic salary and the Panthera UK contribution rate is 4 percent of basic salary.

Total pension expense under the above retirement plans for the years ended December 31, 2020 and 2019 aggregated approximately \$117,000 and \$137,000, respectively.

10. Commitments and Contingencies

Office Leases

Panthera entered into a noncancelable operating lease for New York office space, effective February 1, 2015, that expires on January 31, 2025. In addition, during 2019 Panthera entered into a noncancelable lease for office space in Colombia for a term of five (5) years, Costa Rica for two (2) years, and Belize for two (2) years.

As of December 31, 2020, minimum future lease payments under these leases are approximately as follows:

2021	\$	380,000
2022		366,000
2023		366,000
2024		367,000
2025		33,000
		<hr/>
Total	\$	<u>1,512,000</u>

Rent expense, including month-to-month cancelable leases, real estate taxes and other specified operating expenses required by lease provisions, for the years ended December 31, 2020 and 2019 aggregated approximately \$476,000 and \$431,000, respectively.

Panthera Corporation

Notes to Consolidated Financial Statements

December 31, 2020 and 2019

Letter of Credit

In conjunction with an office lease, Panthera obtained a \$213,344 irrevocable renewable standby letter of credit from a bank for the benefit of the landlord. The letter of credit, which was renewed for a period of one year on October 31, 2019, is collateralized by Panthera's deposit accounts with the bank. In October 2020, this letter of credit was further extended for a period of one year.

Government Grants and Pass-Through Contracts Awarded to Panthera

As of December 31, 2020, government grants and pass-through contracts awarded but not yet earned and not recognized by Panthera was approximately \$190,000. It is anticipated that such amounts will be earned and recognized as revenue in 2021.

Concentration of Credit Risk

Financial instruments which potentially subject Panthera to concentrations of credit risk consist principally of temporary cash investments and receivables. Panthera places its temporary cash investments with high credit quality financial institutions; however, in the event of the financial institution's insolvency, recovery of Panthera's amounts on deposit may be limited to account insurance by the Federal Deposit Insurance Corporation or other protection afforded such deposits. As of December 31, 2020 and 2019, included within long-term pledges receivable (undiscounted) are approximately \$8,000,000 and \$11,500,000, respectively, of pledges.

Subsequent Events

Transactions and events subsequent to December 31, 2020 through November 8, 2021, were reviewed by management and no items were noted that require additional consideration or disclosure in the accompanying consolidated financial statements.
